

This January 11, 2001, update is from EPA's Chemical
Emergency Preparedness and Prevention Office.
Direct links to each document are provided.
Volume 1, Number 21 includes:

1. Tier2 Submit Software Now Available!
2. Accident Prevention Subcommittee Meeting

1. Are you submitting Tier II reports required under Section 312 of the Emergency Planning and Community Right-to-Know Act (EPCRA)? We have available a software program to help you organize and expedite that process.

The Tier2 Submit software contains all the appropriate data fields of information required under EPCRA; prompts you to submit any additional information required by specific States, but not required by regulation; and, allows you to validate the report, and prepare it for written or electronic submission. Not all States are accepting this new software. You may visit the CEPPO website to determine your State requirements at <http://www.epa.gov/ceppo/tier2.htm#t2state>.

To download the software visit the CEPPO website at
<http://www.epa.gov/ceppo/tier2.htm>

2. The Accident Prevention Subcommittee of the Clean Air Act Advisory Committee will hold a public meeting on January 24, 2002. More information is available in the Federal Register issued January 9th.
